**Subject:** outside lab analysis costs

For some reason this didn't send at the end of the day Thursday –

Here's what I have after talking to the lab:

1,3 – Butadiene (GC-FID); Charcoal Tube (\$75/\$15 - pump)  
VOC (GC/MS); TO-15 (\$225)

3 upwind + 1 downwind + 1 charcoal tube per day per location = \$990 / day  
2 days (AK Steel) = \$1980  
1 day (Gladfelter) = \$990  
Total = \$2970
